ALL APPRENTICES- As approved by the U.S Department of Labor Bureau of Apprentice Training

The wage rates under column **Total Hourly Wage Rates** as set forth by the Committee are the Minimum wage rates to be paid and shall not prevent the employer from paying a higher rate. However, the **Hourly Rate** column plus the **Other Hourly Compensations** column must equal the **Total Hourly Wage Rate Column**,

The wage rates are established on the date signed, however if the project is not awarded within 180 day a new updated wage rate shall be required.

Stipulation as the employment of apprentices: Apprentices will be permitted to work less than the predetermined rate for the classification of work they perform when they are employed pursuant to an individual registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Bureau of Apprenticeship Training. Their Wage rate shall be their warranted percentage of the herein listed skilled classification common wage rate. Apprentices shall be permitted to work only as the ratio to journeyman in the apprenticeship program standards state.

The absence of a wage determination for the classes of Semi-Skilled and Unskilled workers in a

particular classification is the result of the committee's determination that the prevailing practice in the locality is not to use Semi- or Unskilled workers in that classification on construction site
